

Are you struggling to keep your home warm and in good repair?

A range of grants, interest-free loans and practical assistance is available from Uttlesford District Council to help homeowners in receipt of benefits or on low incomes to carry out essential repairs, improve energy efficiency, and keep their homes safe and healthy.

Name of assistance	Purpose	Maximum amount
Winter Resilience Loan	For energy efficiency and heating works	£5000
Winter Resilience Service	A service providing simple energy efficiency measures and minor repairs to make a home ready for winter, including a 50% contribution towards boiler servicing.	£400
Home Repairs Loan	For essential repairs and remedying serious health and safety hazards	£5000
Emergency Safety and Security Grant	For emergency repairs and urgent security work	£500
Disabled Gardening Grant	For gardening services needed to improve access and security for the disabled	£300
Park Homes Grant	For energy efficiency measures and essential repairs to remedy serious health and safety hazards in park homes	£3000

Loans are interest free and only repayable when the property is sold.
