

## BROXTED VILLAGE HALL

### Annual Report 2021-2022

With the hall now fully re-opened we have seen an increase in the number of bookings. Income from the hire of the hall was £1,360.00 compared with just £130.00 the year before. We seem to be especially popular for children's birthday parties!

We have again been fortunate in securing a number of grants from both Uttlesford District Council and Essex County Council. We managed to finance the installation of two new windows and three sets of double doors entirely from these grants.

We now have a sound system installed in the hall comprising one fixed and one wireless microphone and a connection to external sound source such as i-phone, mp3 players etc. This is a second-hand system procured and installed by the late Brian Miller to whom we were greatly indebted.

We now have a regular cleaner which will ensure that the hall is kept clean and welcoming.
